Re/Max Central Properties

Attn: Stacy Zigman

Dear Stacy,

I want to thank you for all of your help in what was, to my family, one of the biggest events in our lives. Selling a home is never easy, but when you have lived in it for more than half of your lives, as my parents had, it is a traumatic and somewhat stressful event. Your understanding and compassion of our situation, their sometimes "difficult" personalities, and your prompt attention to matters made all the difference in the world. I honestly dreaded putting the house on the market in the beginning, but you were there for us every time we had a question or concern, and now that it is over and my parents are settled in assisted living, we couldn't be happier!

Please keep in touch. It was wonderful to get to know you.

Sincerely,

Helene Kaufman
Daughter of Sol and Elaine Gardner
